

Your assurance of responsible sourcing

PEFC cares for forests globally and locally. It works to protect our forests through independent certification. Forest certification provides a mechanism to promote the sustainable management of our forests and ensures that wood-based products reaching the marketplace have been sourced from responsibly-managed forests. This means we can all benefit from the many products that forests provide now, while ensuring these forests will be around for generations to come.

Offers global impact and availability

- ✓ 60% of all certified forests worldwide are PEFC-certified **
- ✓ Over 20,000 forest owners covered by PEFC certification **
- ✓ 18,600 Chain of Custody certified companies in 70 countries **
- ✓ Tailored local customer service through 47 national schemes **

Sets the standard for sustainable forest management

- ✓ Globally recognised Sustainability Benchmarks adapted to local conditions
- ✓ Safeguard biodiversity, ecosystems and help protect the climate
- ✓ Support forest-dependent livelihoods and local communities
- ✓ Robust, pragmatic and cost-effective

Enables responsible supply chain management

- ✓ Independent and impartial, strictly separating standard-setting, certification and accreditation processes
- ✓ Transparent and traceable, third party certification ensures that the certified wood contained in a product comes from sustainably managed forests

Recognised around the world

- ✓ Acceptance in public and private procurement policies
- ✓ Global organisations and companies use PEFC as a benchmark for sustainable forest management

Delivering Social Value

- ✓ Created in 1999, to enable small, family and community forest owners to demonstrate sustainable forest management
- ✓ People-centric, mindful of the specific needs of smallholders, workers and local communities
- ✓ An alliance of national forest certification systems

Sustainable Forest Management certification

Origin: from well managed forests enhancing ecological, social and economic values

Chain of Custody certification

Traceability: the raw material supply chain is controlled and verified from the harvesting site up to the finished products

As a PEFC Chain of Custody certified company, you have committed to sourcing responsible raw materials and to a sustainable future for the world's forests.
